

Dear Firelands Elementary School Families,

We would like to invite you to our Open House to meet all of our amazing staff and to showcase our educational programs in each of our subject areas. Families will have opportunities to meet with building administrative and support teams, specialist teachers, and classroom teachers during the evening.

In addition to meeting our staff, please visit with our PTG to find out how you can be part of the team that supports our students and bridges the partnership between school and home.

Please refer to the following schedule for each grade level below:

Kindergarten 3:45-5:25

Kindergarten families will begin in the classrooms to have an opportunity to drop off any materials from 3:45-3:55. All families will meet in the gymnasium to begin an orientation meeting where the kindergarten team will share how they will help our littlest students transition to school.
