We are pleased to invite you to this year's Tape-M-Up Camp for student athletic trainer aides. As a participant in our camp, you will receive a comprehensive overview of all aspects of athletic training, from anatomy to athletic training room management. You will receive specialized instructions in taping techniques, injury evaluation and emergency procedures, and adult CPR/First Aid certification. Our combined basic-advanced camp allows all students to learn not only from camp directors, lectures and demonstrations, but also from other more experienced campers.

This camp is designed for upcoming high school freshmen through seniors who wish to learn more about the field of Athletic Training and serve as a basis for a career in Athletic Training or another medical field. The lecture/lab format of the camp will allow you to gain knowledge/experience in order to assist the Certified Athletic Trainer at your high school during practices, games, and in the training room.

Casual dress, shorts and t-shirts are acceptable. Pants should be able to be pulled up over the knee. Campers should bring pens or pencils. You may also bring drinks and/or snacks if you wish.

We look forward to welcoming you to our TAPE-M-UP Athletic Training Camp!
